Description

Oakley is a super cute and well put together 14.3 hand palomino gelding. The vet aged him around 5-6 years old. This is a very gentle and smart gelding that's fun to ride and work with. He is naturally curious and wants to please and do things right. In the arena Oakley is soft in the face, holding collection and will move off hand and leg cues. He is smooth traveling and has a nice slow jog and transitions into the lope on cue. Stops, backs, rolls back with ease and will side pass over to open and close the gates. On the trails Oakley will lead or follow. He crosses the river, the noisy trail bridges and is sure footed in our steep rocky rough terrain. Stays between your hands and legs when navigating narrow trails. Oakley is also doing very well in our urban environments and is good to ride around our busy neighborhood streets. He handles the fast passing vehicles barking dogs and occasional junk thrown out for the trash man at the curb well. This is a very nice young horse that is always gentle and is a quick learner. He is versatile and handy. All the hard work has been done. He is good about the flag, the tarps and stuff. He ties quiet and is good to bathe, load haul and shoe. He would be fun to sort cattle on. He has no bad habits or vices and is 100% sound.
