## Description

If you are looking for a good, gentle friendly horse that most anyone can ride and get along with then you should take a look at Simba. He is an extremely gentle thick made 6 year old 15 hand Quarter Horse gelding. This is a very kind and quiet minded horse. In the arena he will have a slow easy jog and lope out on cue. He has a wonderful slow and easy to sit to kind of a lope and is very smooth to ride in all gates. He takes both his leads, has a good stop, back up and will side over to open and close the gate. Simba is outstanding about all the sensory stuff. Ride him with the flag, cans, tarps, bags, around the wind sock like you see dancing around on top of the car dealerships it is no big deal for him. Really good in our busy neighborhood streets and mountain trails. On the trail he will lead or follow, ride in the middle of larger groups or out on his own. Crosses the water and handles the steep rocky terrain with careful precision and ease. He is a horse that pays attention to where he places his feet. Simba is equally as good to ride in our urban environment. He is outstanding when dealing with charging barking dogs, bicycles, motorcycles and fast passing vehicles whizzing by. Simba has more whoa than go but will pick it up when asked. He is the kind that allot of us folks enjoy as he is pretty un complicated. Simba is 100% safe sane and sound with no vices or bad habits. Sold. Sorry you missed him. We have others. Feel free to drop us a line and see if we have a match for you. Happy trails! :)
